PUBLIC NOTICE TO MARINERS.

I AM DIRECTED BY THE HON. THE Minister of Marine and Fisheries of the Dominion of Canada to publish the following Notice to Mariners, which has been issued by the Hydrographer to the Admiralty, London.

R. W. PEARSE,
Lands and Works Department,
Victoria, B. C., 23d Oct., 1871.

Notice to Mariners.

(No 68.)

NORTH AMERICA, WEST COAST.

Buoys at Entrance of San Francisco Harbor.

Information has been received that three Fairway buoys have been placed as a guide for vessels crossing the Bar, and entering San Francisco Harbor.

These buoys are placed in line with Fort Point, bearing N. E. ½ E.

OUTER BUOY, black and white, is outside the Bar in 32½ fathoms, with the Middle Buoy bearing N. E. ½ E. 9½ miles and Fort Point 10 miles distant.

MIDDLE BUOY, black and white, is in 9½ fathoms, with the Inner Buoy bearing N. E. ½ E., 2½ miles, and Fort Point 4½ miles distant.

INNER BUOY, black and white, is in 20 fathoms between Shoals and Lobos points, with Fort Point bearing N. E. ½ E. 2½ miles.

FOUR FATHOM BANK.—Also that the four fathoms bank is marked by two black buoys.

The buoy off the west end lies W. by S. ½ S., 3¼ miles from the buoy off the east end of the bank.

The east buoy is in 5½ fathoms, W. by S. ½ S., 1½ miles from Bonita Point.

It is said the west buoy cannot be depended on as remaining in position.

(All bearings are Magnetic.—Variation 15° 50' easterly in 1870.)

By Command of their Lordships
GEO. HENRY RICHARDS,
Hydrographer.

Hydrographic Office, Admiralty, London,
30th August, 1871.

This notice affects the following Admiralty Chart:—San Francisco Harbor, No. 591. oc24 1m

CONTRACTS

FOR THE SUPPLY OF "Coal," "Fresh Meat and Vegetables," "Biscuit and Soft Bread," "Provisions," "Soap," "Water," and "Firewood," to H. M. Ships and Services at Esquimalt; and "Fresh Meat and Vegetables" to the Royal Marine Detachment at San Juan.

H. M. Naval & Victualling Yard,
Esquimalt, 30th October, 1871.

NOTICE IS HEREBY GIVEN THAT on or before the 15th day of November next, Tenders will be received for the Supply of the above mentioned Stores for Two Years from the 1st February, 1872.

SEPARATE TENDERS TO BE MADE FOR:

COALS,
FRESH MEAT AND VEGETABLES,
BISCUIT AND SOFT BREAD,
PROVISIONS,
SOAP,
WATER,
FIREWOOD,

for H. M. Ships and Services at Esquimalt; and for FRESH MEAT AND VEGETABLES for San Juan.

A list of the Articles required, and the terms of all the Contracts, can be seen at the office of the undersigned at Naval Yard, between the Hours of 9 and 11 A. M., and 2 and 4 P. M.

All Tenders to be made in sterling; the Tenders to be sealed and marked in the corner with the article contracted for, and delivered at the office of the undersigned not later than noon on Wednesday the 15th of November, 1871.

The lowest or any Tender not necessarily accepted, and unlimited power is reserved in selecting and dealing with the same.

By Order of the Commander in Chief.
S. J. SPARK,
Paymaster in Charge.

She has lately had the Bed-rooms refurnished and papered, &c. A first-class Sitting room and Bed room, and two double bed rooms up stairs, are to let at present.

MRS. MAHONEY.

oct23

New Advertisements.

To the Electors of Vancouver Island District.

GENTLEMEN:—In response to the solicitation of a number of prominent gentlemen residing in the different settlements of your electoral district, I offer myself as a candidate to represent your interests in the House of Commons. I have, after mature consideration, consented to do so, and have now the honor to solicit your suffrages at the approaching election.

The measures that a member of the House of Commons may be called on to deal with being different from those of a member of the local legislature, being in their nature more national, it is doubtless expected that I as a candidate should advert to such issues of that character more directly concern your interests. I will say, then, that having been one of the earliest advocates of a Canadian Transcontinental Railway, I shall, if elected, consider it to be my paramount duty in view of making it a grand national success, to insist that the Terminus shall be at Esquimalt, and that the line shall traverse the entire south-Eastern Coast of the Island from Johnson Straits.

Under the Terms of Union with the Dominion, it is the province of the local legislature, and not of the, Dominion Parliament, to decide as to the kind of tariff that the people of British Columbia deem to be best suited to their varied industrial interests, during the next few years. Should, however, the question come before the Dominion Parliament, I shall endeavor to have the tariff so framed as to meet with the concurrence of the agricultural, mining, and commercial interests of your district.

As the Dominion now possesses exclusively the right to manage our postal and telegraphic affairs, I shall endeavor to secure for the district such a bi-weekly mail steamer of a superior class to the one now plying on the coast,—and also better mail facilities in such settlements and as I deem it to be of great importance generally to have the most rapid means of transmitting intelligence between Nanaimo and Victoria, I shall urge on the Federal Government the importance of the early construction of a telegraph line to connect the two principal towns in the Province.

The increasing importance of the commerce of the Gulf of Georgia renders it necessary to have more Lighthouses. I shall therefore make the most strenuous exertions to induce the Federal Government to build a lighthouse at Nanaimo at once, and to erect others elsewhere, as soon as possible, to insure greater safety and certainty in navigating the Gulf.

With respect to the Indians, I will urge that they be settled on Reservations, under the superintendence of Government Agents, where they may, with the assistance of the Government, be taught the arts of civilization, and thus have their social, moral, and religious conditions rapidly improved.

The question of the early construction of a Marine Hospital at Nanaimo, I deem to be deserving of serious consideration.

The Geological Survey now begun will doubtless be of great practical advantage to the country,—and anything that I may be able to do to insure the geological exploration of the vast mineral wealth of your district shall not escape my attention.

The Fisheries along our coasts promise to become very profitable, and as the Dominion government has agreed to extend its protection and encouragement to this valuable and important branch of industry, I will endeavor to secure for your district its full share of any aid that may be appropriated for that purpose.

Not being able at this time to explain my views at greater length, I will take an early opportunity to meet and personally and collectively in the different settlements, when I may bring under your notice other questions of a Provincial and Dominional character.

In conclusion, Gentlemen, if you should do me the honor to return me to the House of Commons as your representative, I pledge myself to faithfully serve your interests to the best of my ability.

I have the honor to be, Gentlemen,
your obedient servant.

ROBERT WALLACE.

Victoria, B. C., August 3d, 1871. au8

To the Electors of Yale-Lytton and Kootenay District.

GENTLEMEN:—In compliance with the request of a number of the electors of the above district, I have much pleasure in offering myself as a candidate for the honor of representing you in the House of Commons at Ottawa.

Your interests being so closely identified with my own affords you the surest guarantee that they will at all times receive my best attention and support: but as it is difficult to say at present what matters may come before the House at Ottawa, this session, I shall confine my remarks to a few leading subjects, which I consider most essential to the welfare of this Province, and especially that portion of it which I seek to represent.

I shall endeavor to procure a regular and efficient Mail Service throughout the populous portions of the district.

I shall support any measures brought forward by the Local House for the establishment of a Liberal system throughout the Province and the appropriation of the necessary funds from the general revenue.

I am in favor of the appointment of County Court Judges in this Province.

I am opposed to the Civil List Act in its present form and should it become matter for legislation at Ottawa I shall advocate its repeal or amendment.

I shall give my support to the Dominion Government so long as it continues fairly and honorably to carry out the terms of Union, especially with regard to the construction of the Canadian Pacific Railway.

In conclusion I promise that should you do me the honor of entrusting me with your interests, I shall at all times endeavor to prove myself worthy of your confidence.

I have the honor to be, Gentlemen
your obedient servant
C. F. HOUGHTON.

VANCOUVER ISLAND DISTRICT.

To the Electors of Nanaimo, Wellington, Cowichan, Salt Spring, Nanaimo and Comox.

GENTLEMEN:—While travelling through your district during the Fall of 1870, I had the pleasure of receiving a great encouragement to offer myself as a Candidate for the Parliament of the Dominion, of which the Province now so happily forms a part.

In entering your support at the forthcoming election I shall be guided by no Party or Sectional politics, having a direct bearing upon the interests of British Columbia, which I shall do as briefly as possible.

I shall be a staunch supporter of the present Government of Canada so long as that Government shall administer the affairs of this Dominion in general, and of this Province in particular, in a satisfactory manner.

Knowing the feasibility of the Canadian Pacific Railroad from personal observation along the greater part of its route, and having an intimate knowledge of its advantages as my Canvass progressed, I shall, if returned as your Representative, use my every endeavor, by every means in my power, to bring that grand undertaking to a successful termination at Esquimalt or some other harbor on Vancouver Island.

I may here say that I am in favor of introducing Coolie labor either on the Railroad or other public works and will strenuously resist any attempt in that direction.

Should the Tariff problem not be solved by the Local Legislature here, establishing a Tariff Commission, in lieu of Agricultural produce in particular, I shall, if elected, make every possible effort to secure its adoption by the Federal Parliament.

I am fully of the opinion that the Federal Government will place mail communication on a thoroughly efficient footing from San Francisco long before the assembling of Parliament, should this, however, not be the case I shall, if elected your representative, see to it, that every settlement is duly cared for in this important particular.

The subject of Immigration is one of great moment and shall always receive my most earnest attention in the Agricultural districts. Farm laborers will be required in every settlement. These will soon locate on unoccupied lands, together with men of small capital and in their turn become producers. Their places will then have to be filled by others of that foreign element so numerous in the Eastern Provinces, particularly would be the greatest possible boon to this portion of the Dominion.

The early commencement and completion of a Dry Dock at some Island port, and I think Nanaimo has a strong claim upon such a work shall not be overlooked.

I shall advocate Vote by Ballot at Municipal, Local and Federal elections till that great reform becomes the law of the land.

Telegraphy, Lighthouses, Harbor Improvements, Hospitals, Asylums, Penitentiaries, Fisheries, Geological and other surveys, together with the Indian question and other subjects that will be continually presenting themselves, shall have my constant consideration and advocacy wherever conducive to the material prosperity of the Province in general and my constituents in particular.

I rest my claims upon your support gentlemen, on my long residence in the Eastern Provinces and on this coast; my intimate knowledge from actual travel of the wants of every agricultural and mining district of the province—my unswerving support of Confederation and the Railroad since '69, and my having no special connection with any particular interests, commercial, agricultural or mining, I am enabled thus to look upon them all from an independent and impartial stand point, and in advocating their best interest to assist in raising this province of almost illimitable resources to the proud elevation it will soon attain as the Western outlet of the great Dominion.

I have the honor to be gentlemen,
Yours very obediently
JOHN JESSOP.

THE UNK WEED REMEDY,

—OR—

OREGON

RHEUMATIC CURE.

HISTORY.

This Remedy is composed of the active principle of the Unk Weed, Eng.—Thaspium Cordatum Originis, Lat.—indigenous to Oregon. Grows most abundantly and perfectly in Washington Co.

PROPERTIES, Etc.

It contains an ACTIVE VOLATILE Principle, extracted by Ether, and a bitter TONIC Principle, soluble in Alcohol.

Medical Properties and Uses.

It is the most sure and speedy cure for *Rheumatism, Rheumatic Gout and Rheumatic Pains* of all kinds that was ever introduced in the Materia Medica. THE UNK WEED REMEDY, as prepared by us, in consequence of the existing bitter principle, possesses the necessary virtue of being a

POWERFUL TONIC,

Promoting the Appetite and Invigorating the whole Digestive Apparatus, thus Building up and Strengthening the system, while at the same time the volatile principle, being absorbed in the blood, acts specifically on the Rheumatic Poison, removing it from the circulation and system.

There are a few remedies known to the Medical Profession which will remove the Rheumatic Poison from the blood, but whose action is so powerful in depressing the system of the already enfeebled Rheumatic patient, that their use has to be abandoned before specific effects are obtainable, hence the want of success in treating this prevalent, and in consequence heretofore incurable disease. Unlike these Medicines, already known, the

UNK WEED REMEDY,

though producing as powerful and as active effects on the blood and system in removing the Rheumatic Poison, also possesses a strong Tonic and recuperating element which admits of its continued use even by the most Delicate and debilitated. Thus we have the combination for the first time of these Two Necessary Elements in one remedy, which accounts for its Superior and never-failing curative effects in

Rheumatism, Rheumatic Gout, and Rheumatic Pains of all kinds.

The Daily Standard.

Monday, November 6, 1871.

Railway Coast Survey.

On one thing the people of Vancouver Island have no division of opinion, and that is a railway coast survey—the survey of the country between the Cariboo-Yale road and Bute Inlet. When the surveyors first put in an appearance, we stated that they would not survey the Johnson Strait route this year. Facts have confirmed our statement—the Johnson Strait route has been neglected. True, Gov. Trutch and Mr. Langevin have spent twenty minutes in reconnoitering Seymour Narrows,—and a longer time in Gowland Harbor on Valdez Island. But still no survey has been made in the quarter,—most interesting to Vancouver Islanders. That route has been praticelly ignored. If Vancouver Island were 1,800 miles instead of 1800 feet from the Mainland of the Province, it could not be more completely forgotten in the surveys than it is and has been. The railway surveys practically start from Burrard Inlet and move east. This Island that has one half of the population and two-thirds of the realised wealth of the Province still lies out in the Pacific Ocean,—disregarded for what reason we know not. We cannot for a moment suppose that Mr. Langevin or the Cabinet have any preference in locating the route of the railway; yet in justice to the rights of this Island, we must say that they have neglected us. We are perfectly willing that an exhaustive survey shall be made between Burrard Inlet and the Rocky Mountains; but what we concede to New Westminster we exact for ourselves. No excuse about finding a route across the Rocky Mountains will satisfy this part of the Dominion. We know that a route across the water-shed of the continent can be found in various directions, but it has not yet been determined beyond controversy whether a railway can traverse the Bute Inlet country to Seymour Narrows. We believe that it can. Moreover we maintain, that under existing circumstances domestic, topographical and foreign, that Bute Inlet route is *the* route for the railway to the Pacific. If a survey—a thorough survey—were made and a section of the route proved conclusively that the Johnson Straits route was unpracticable, we would submit without a murmur. But unfortunately two years have passed and no survey has been made of a section of the Province that has a direct bearing on the present and future prosperity of this part of the Dominion,—and especially on Victoria. All that we ask is fair play. All that we demand is that the people of Vancouver Island shall be treated with as much liberality as the Lower Fraser in the matter of surveys. If after that the Fraser Valley be preferred,— and a Nanaimo-Victoria railway be constructed as the initial section of the trans-continental,— we will accept it as the inexorable decree of fate. But if two years' consideration be given, in this matter, to Johnson Straits route, it is easy to imagine, which way it is proposed to lay the rails. But no matter who may propose, we trust the people of this Island will allow neither local nor sectional influence nor Cabinet accidents, to deter them from urging a thorough survey—a thorough riddling of the country between Seymour Narrows and Fraser River, next year. We consider that the subject is matter for the representatives of the Island in the Local House, to urge on the Federal Government, and one that admits of no neglect. It is but an act of fairness to have the Bute Inlet route surveyed, and if our three Ottawa representatives neglect to convince Sir John A. McDonald and his colleagues, of that fact, they will neglect their duty. We draw attention to this matter—sectional as some may represent it to be—with the hope that our people from Comox to Sooke, will not rest till Local and Ottawa representatives, secure a thorough survey of the Johnson Strait route.

Another Girl Full of Needles.

[From the Memphis Appeal.]

Last Sunday evening a young girl, who lives on the Raleigh road, complained of a violent pain in the head and right cheek. At first the mother of the girl thought that nothing serious would result, and that a visit of a doctor was not necessary. About 10 o'clock the same night the pain in the head and cheek began to cease; the child's eyes closed, and her pains were forgotten in sleep. The mother, who watched incessantly at her daughter's bedside, thought that before morning all would be well, but this was not the case. The sick girl awoke before five the next morning, and began to cry in a most lamentable manner. Her mother inquired for the cause of this. The daughter replied that she had a terrible pain in her right arm: she felt as though some one was sticking her there. From the way she suffered, it was at last concluded to send for a doctor. The physician came about nine o'clock, and ordered some liniment to be rubbed on the painful arm.

The next morning the doctor came again, asking Mary, for this was the child's name, to show her arm. He perceived, right below the shoulder, three very small spots, shining as steel would. Touching them, he found that they were very hard. The girl's mother then remarked that these dots looked like the heads of needles. The doctor could not believe that there was such a thing in Mary's arm: however to please the mother, he applied a small pair of pincers to one of the spots. Now, imagine the surprise of those present when he pulled out of the flesh three needles, which formed the three spots upon the arm. But this is not the end. The physician continued his visits three more mornings, extracting each morning two more needles. After this, Mary's pains passed away, and now she is as well as any of us. Can some scientific brain explain how needles found their way into the arms of this little girl, who endured so much suffering? If a crank were attached to such a girl, wouldn't she make a capital sewing machine?

AUTUMN GOODS.—The goods for the retail trade, for the firm of Messrs. J. H. Turner & Co., will arrive by the next steamer, and during October.

REPLY.

To James Trimble, A. R. Robertson, R. P. Griffin, G. C. Gerow, D. Spencer, and R. Lewis, and others, signers to the foregoing.

GENTLEMEN:—I beg to return you my sincere thanks for the confidence you repose in me, as expressed by your desire that I should be Mayor of the city for the ensuing year. I look on the office as one of honor and importance, yet I had no intention of soliciting your support for that, or any other office at present, but after receiving a requisition like the one now before me, signed by so many influential and respectable citizens, I with pleasure accede to your wishes.

If elected, my aim will be to serve you faithfully and impartially.

I have the honor,
to be, Gentlemen,
your most obdt. servt.
W. J. MACDONALD.

The Daily Standard

MONDAY, November 6, 1871.

Shipwreck of Two Whalers in the Arctic Ocean.—Eight Lives lost.

Capt. Barker, of the British ship Japan, of Melbourne, and Capt. Hayes, of the American barque Oriole, arrived by the Douglas yesterday afternoon. Through the courtesy of these gentlemen, we are enabled to lay the following news before our readers. The two vessels at the commencement of the whaling season of 1870, proceeded to prosecute their avocation in the Arctic Ocean; all went well till the commencement of October of same year, when the Japan went ashore during a heavy squall and snow storm, at East Cape, coast of Siberia. The Captain and twenty-three of the crew managed to get ashore, but eight poor fellows met a watery grave. The survivors had to remain at East Cape the whole of last winter, where they endured great hardships, existing on food except the usual Esquimaux fare viz: which consisted principally of putrid walrus flesh. In the spring of this year 1871, the whaling fleet came up, Capt. Barker took a passage in the first one which he met, the John Wells, and proceeded along the coast, distributing the other twenty-three survivors amongst the different ships of the fleet. On the 27th of June, 1871, the Captain embarked on board the schooner Victoria, a trading vessel from San Francisco, and proceeded in her to Plover Bay, where was found Capt. Hayes and crew, of the barque Oriole, of New Bedford; who had also lost his vessel, which was stove in by the ice in Behring's Sea, on the 14th of June last. At this place also, lay the schooner H. B. Bourne, where she had wintered; this vessel was just about to start for St. Michaels, to intercept the relieving brig Hattie Jackson for a passage down for the wrecked crew.—Capt. Barker took passage in the schooner, on the 2nd of August, and arrived at St. Michaels, unfortunately, twelve days after the Hattie Jackson had left. From St. Michaels proceeded to St. Louis Island to try and catch the trading steamer Alexander, but also missed her. From there he went to Onolaska and was too late there to catch any homeward bound vessel. At this place the good little schooner Bourne, became unseaworthy and was abandoned. After remaining at Onolaska for ten days, the U. S. Revenue cutter Reliance arrived, on which vessel the two Captains were taken on board, treated with the greatest kindness by the Captain and officers, and taken to Sitka, where they arrived, with their usual hard fortune, just in time to miss the str. Gussie Telfair; had to wait thirty-three days for the arrival of the G. S. Wright, in which vessel they took passage and arrived in Nanaimo on Friday evening, after being tossed about from pillar to post for the past ten months, trying to make, as the Captain says, a ten day passage.

ECCLESIASTICAL—A CHURCH TO LET.—Our Cariboo contemporary writes: When Rev. James Reynard left Barkerville for Nanaimo, nearly three months ago, it was supposed that on the arrival of Bishop Hills an Episcopal clergyman would be immediately provided for Cariboo. None has, however, yet been appointed and judging from the fact that Mr. Reynard's which was left behind in anticipation of being required by his successor, has been sold by auction this week, it would seem that the spiritual wants of the people of Cariboo are not deemed of sufficient importance to require the presence of a minister of the Church of England in this district. This leads naturally to the inquiry, why if the mission was not intended to be permanently sustained, should so much expense have been incurred in building and fitting up the handsome Barkerville church? and what use is intended to be made of the sacred edifice in the future? It certainly appears that the head of the church in this diocese is disposed to treat the upper country with indifference. Are there no funds in the treasury, or are the sinners of Cariboo considered beyond redemption? The wisdom of building a church of the style and dimensions of the present was questioned by many at its commencement, but now it is here it should decidedly not be left unoccupied.

LOWER RIVER NEWS.—The funeral of Capt Insley, took place at Sapperton on Wednesday last; Rev. E. A. Ross officiated at the burial. The removing of the buoys on the Fraser sandheads is being proceeded with satisfactorily. The "Amelia" arrived at the Inlet on Tuesday last: There are eight or nine more vessels there, loading lumber for all parts of the world. The steamer Onward has taken the place of the Hope on the Fraser, for the present, and made her last round trip to Yale and back and discharged freight in 37½ hours. Our despatches from Yale give the election totals so far as heard from viz., at Lytton, Hope and Yale as follows: Smith, 28; Robinson, 21; Coxon, 15; Semlin, 8; Kay, 7; Lawley 1—all in the Liberal interest. The country districts are yet to hear from. In the Lillooet district, Humphreys and Saul will have a walk over,—also the Liberal candidates.

RICH PAY.—The gold taken out of the Victoria claim, on Lowhee, was exhibited this week to a large number of admirers in Barkerville. It was a very remarkable sample, consisting nearly altogether of large rusty nuggets. The 113 oz. got last week were taken out of about two sets of timbers, and the greater part was in the gravel and not on bed rock. The 10 oz. piece of quartz and gold was forked out of the dump-box without being perceived, and was picked up in the headings. For the first half of this week 45 oz. have been washed, but very little dirt has been taken out, the channel being filled with a mass of great boulders which renders work very difficult.—*Sentinel.*

THE BYZANTIUM.—We are informed by gentlemen who came down on the Douglas yesterday that the brig Byzantium instead of having gone down, as before reported, had floated off and has gone out to sea by the northern passage. It appears at the time she was abandened, there were four feet of water in her hold, and the Indians finding her at anchor cut both chains and worked her out of sight of the Otter which had been expected down to render assistance. The brig was then plundered of everything of use to the natives, and was reported seen floating out to sea by the northern passage.

FROM THE EAST COAST.—The steamer Sir James Douglas, Capt. Clarke, arrived at half past three yesterday afternoon from Nanaimo and way ports with a large number of passengers, amongst whom were Mr. R. Wallace, Mr. Jessop, Capt. Hayes of the American whaling bark Oriole, and Captain J. A. Barber, of the ship Japan, of Melbourne, both of whose vessels were lost in Artic ocean. The steamer G. S. Wright arrived at Nanaimo on Friday evening from Sitka, and the bark Shooting Star arrived late on Saturday evening from San Francisco.

FROM THE MAINLAND.—The Enterprise, Capt Swanson, arrived at half past 5 o'clock on Saturday evening, from New Westminster, making a remarkably quick round trip, she having left here early on Saturday morning. She brought down a large number of passengers among whom were the following: Messrs W. Powell, P. H. Clarke, C. G. Major, D. W. Miller, G. Dunbar, Noltemier, Ibbotson, Mrs. Walker, Mrs. Chadsey, Miss Clarkson, Miss L. Irving, Captain Irving, Gerow, and Capt. McKinnon.

EXTENSION.—A new room is being added to the Supreme Court House, by Messrs. Hayward & Jenkinson, contractors.

Omineca News.

GERMANSEN CREEK, Oct. 4, 1871.

Mining on Germansen creek is very dull. The upper part of the creek is almost deserted, and only a few of the old claims on the lower part are paying small dividends.

MANSEN CREEK AND TRIBUTARIES.

This section of the country seems as it it will turn out to be the centre of Omineca. Nearly all the miners are making a little, and ask no "jaw-bone," which is a good sign.

SLATE CREEK.

Quite a number of men are doing well on this creek, and are getting very coarse gold. Messrs. Harper, Omichund and several others have located ground to prospect a ledge which is thought to be rich in silver.

MYERS' CREEK

is very deep, one shaft having been sunk a depth of 64 feet, when they were driven out by water. Another company, headed by old Cariboovites—John McLean, Christie and others—have taken hold of it, with the determination of seeing the rock.

LOST CREEK.

A few companies are doing well.

MISCELLANEOUS.

Vital and two other Frenchmen have gone on a six months' prospecting tour to the Findlay branch.

Flour, 40c; beans, 60c, scarce; bacon, $1, scarce; sugar, 75c; tea, $2; tobacco, $3; rice, $1; gum boots, $16 per pair.

NAVAL MATTERS seem to have turned the head of the *Colonist* baby; some of the gentlemen have been playing a lark with him. One day he has it, "the Sealers' timbers are rotted and she is to be broken up," and there is a mutiny on board another man-of-war; the next day after a chastisement is given the whole is contradicted. Valuable journal this!

THE COMOX FOOT AND MOUTH DISEASE.—With regard to the *Colonist* statement of the above, it takes it all back.

LANE & KURTZ CO.—Mr. Anderson, the teamster who had the contract for freighting the machinery of the Lane & Kurtz Co. to Cariboo, is now hauling it with a horse team from Eagle creek, where it was left by the ox-wagons. The first load was brought in and hauled to the meadows on the 26th ult., and the company will be able in a few days to start the large engine and pumps, when they anticipate little difficulty in sinking to bed-rock.

RESULT OF THE COWICHAN ELECTION.—The total for both polls, Cowichan and Salt Spring Island, was as follows: Smithe; 55, receiving 8 votes at Salt Spring Island; Booth, 49, getting 14 votes at Salt Spring Island. The other totals were not altered any from those given in Tuesday's STANDARD—Salt Spring Island voting for those mentioned above only. Smithe and Boothe are therefore elected—as before anticipated—two more Liberals.

MAJOR DOWSE and Mr. Davison, of Califforgia, came down from the west coast of the Mainland, by the Douglas yesterday. They have been for the past few months, prospecting and searching for minerals, and sent below by the last trip of the Prince Alfred, a lot of silver ore for assay.

THE Mountain Ash hauled under the Hudson Bay Co.'s shears, on Saturday morning, to discharge some heavy machinery for the coal company, Nanaimo. In the afternoon she went back to her berth, at Sproat & Co.'s wharf, where she will recommence discharging this morning.

A MEETING of the Congregation of Christ Church will be held this afternoon, at the Vestry. At the morning service yesterday $85 was collected towards the Diocesan Church Society Fund, and in connection with this Society is the meeting called for to-day.

THE Prince Alfred may be expected to-day. The Lieut-Governor has been advised by telegraph that she sailed with only the English mail on board, but the remaining mails would be dispatched overland via Portland.

THE Douglas will proceed to New Westminster from Nanaimo, on Wednesday, to tow down from New Westminster and place in position the buoys, on the sandheads, at the entrance of the Fraser.

THE ASSIZES will be held at New Westminster on the 23rd inst.; and as already stated in the STANDARD the Assizes will be held in this city on the 7th of next month, and at Nanaimo on the 13th.

FROM SITKA.—The George S. Wright, from Sitka, was at Nanaimo yesterday morning taking in a cargo of coal for the Portland Gas Company. She was to have sailed about noon for Portland.

POLICE COURT, SATURDAY.—The recognisance of Robert Hart—convicted of selling liquor to Indians,—and who was allowed out to return for sentence—was estreated.

THE Adelaide Cooper will sail for San Francisco tomorrow, with a full freight, consisting principally of old iron and Sitka salmon.

THE RACES.—Entries for the forthcoming races must be made to-day, before four o'clock at the Committee Rooms, Garrick's Head.

MR. W. POWELL, Manager of the Bank of British Columbia at Barkerville, arrived here per Enterprise on Saturday afternoon.

HARNEY CREEK in the Keithley division of the Cariboo electoral district, has been gazetted an additional polling place.

FOR NANAIMO.—The Douglas will leave for Nanaimo and way places, on Tuesday morning at 7 o'clock.

CORONER.—Mr. Claudet, of New Westminster, is appointed coroner for that district.

EMINENT CUTLERS.—Among the names of the most prominent manufacturers of cutlery are found those of Wostenholm, Mappin, Crooks, Harrison and JOSEPH RODGERS & SONS. The latter has for a series of years held the prestige for excellence, and has been awarded the prizes at the Industrial Exhibitions; and at present the sole importers in this Province are T. N. HIBBEN & Co. *

☞ Memory presides over the past. Fell's Coffee over the present. The first lives in a rich temple hung with glorious trophies, and lined with tombs, but Fell's Coffee has but one shrine and that is every breakfast table. Its aroma walks the earth like a spirit and can be found for sale at every respectable dealer in British Columbia. Beware of spurious imitations. 1y *

A. GILMORE, Merchant Tailor, has removed his place of business to the store adjoining the Colonial Hotel, Government street, four doors from Yates street, where he is prepared to sell at reduced rates, Custom Made Clothing and Gents' Furnishing Goods. Also, Garments made to order, according to the Latest Styles. *

CARPETS—Real Wilton, Brussels, Tapestry, Kidderminster and Felt, a very choice lot New styles arrived by mountain Ash to-day for Turner, Beeton & Tunstall. *

Cariboo Intelligence.

[DATES TO OCTOBER 28TH.]

A coroner's inquest was held at Soda creek on the 24th ult., on the body of Antoine Malbœuf, and a verdict of *felo de se* returned.

The *Sentinel*, in advocating the retention of the Assay Office, produces the following figures:—Business done for the three months ending 25th October:—The number of bars melted and assayed during that period has been 94, value—$182,583; and the receipts have been $684 75,—a much larger amount than in any previous quarter since the establishment of the office. The total receipts for the ten months of the current year which have now expired have been $1,747 75, and the value of gold assayed in the last month has been $73,248, being the highest figure that has been reached in any one month since the office was opened in 1869.

The snow has set in for the season in the Cariboo country; frost has not yet made its appearance.

Another public meeting was held on the 23d ult. at Dodd's saloon, Barkerville, when Messrs. Boole, Walker, Evans, Thompson and Hunter again addressed the electors. The candidates were very courteous and complimentary one to the other, and the audience listened with the greatest good humor. Mr. Jos. Park addressed the meeting in favor of Evans and Booth—the Liberal candidates.

The dead body of an Indian woman was found recently at the forks—supposed to have been murdered.

In accordance with a memorial of the inhabitants, the Gold Commissioner has called for tenders to cut a sleigh road along the bank of Jack of Clubs creek—to be eight feet in width, and from the waggon road to the Discovery claim; to be completed in fourteen days.

An officer has been sent to Omineca with instructions in respect of the poll to be held on the 16th. The polling division at the Forks of Skeena is said to be west of the boundary of Cariboo District, and consequently within the Coast District, which is included with New Westminster.

THE TETE JAUNE CACHE SURVEYING PARTY.

Mr. M. C. Davis, in charge of the animals belonging to Mr. Mahood's party, arrived in Barkerville on the 24th Oct. The expedition when he left nine days previously, had reached a position on Castle river apparently about 15 miles from Fraser river, the valley of which they saw below them. Mr. Davis describes the pass discovered by Black and Fenton two years ago, and named by them Dominion Pass, as too steep and high to be practicable for a railway, the party in ascending from Swamp river having crossed a glacier fed by the mountain streams coming from the south side of the narrow gorge through which the route lies. They crossed however, with the train safely, and descended about 15 miles, following Castle river on the other side of the divide, when, the season being so far advanced and about two feet of snow having fallen on the divide, it was deemed prudent to return with the animals, the first which had ever crossed the range, and all of which came back uninjured and in good condition. The band of cattle in charge of Mr. Elwyn were a little on this side of the divide and getting on all right. C. Barnes, with about 25 horses, was still with the party packing. Barnes' mule train, which went out with the last lot of stores, had "cached" their loads on Swamp river and returned. The weather had been very wet and disagreeable ever since the expedition left Barkerville, which rendered travelling and cutting the trail rather tedious. On the eastern slope it was still mild and open. Mr. Davis thinks that if a route for a railway through the Cariboo country is found from Tete Jaune Cache it will be further north, as the mountain range now crossed appears to fall off considerably in that direction. Portions of the country crossed looked favorable for gold being found, and a few colors had been got by merely washing a shovelful from the surface, but the members of the expedition had too much to attend to otherwise to be able to do any prospecting.

THE NOMINATION FOR THE ELECTIONS.

A meeting of the electors of Cariboo District was held at the Court House, Richfield, on October 23d, for the purpose of nominating candidates for the Legislative Assembly. The returning officer, H. M. Ball, Esq., called upon the electors to select three fit and proper parties as their representatives.

Mr. J. H. Todd, of Barkerville, proposed Mr. G. A. Walkem; Mr. Wm. Dodd, of the Ballarat Co., seconded the nomination.

Mr James Innes, of Stout's gulch, proposed Mr. Joseph Hunter; Mr. Daniel Mills, of Lowhee, seconded the nomination.

Mr. John McAllister, of the Ballarat Co., proposed Mr. J. S. Thompson; Mr. John Hudson, of Nelson creek, seconded the nomination.

Mr. Robert Lipsett, of Barkerville, proposed Mr. Cornelius Booth; Mr. G. L. Shepherd, of Barkerville, seconded the nomination.

Mr. Henry Calder, of Cameronton, proposed Mr. John Evans, and Mr. John T. Edwards, of Lightning creek, seconded the nomination.

The several candidates as proposed came forward, and thanking their friends for the honor conferred on them, promised if elected to do their best for the interests of the district. They all professed themselves in favor of judicious reforms.

The returning officer then called for a show of hands, which was in favor of Messrs. Walkem, Hunter and Thompson. A poll was demanded on behalf of Messrs. Booth and Evans.

A Night's Rest at a Fashionable Watering-Place.

Programme of a night's "rest" at a fashionable watering-place. Furnished by elderly party occupying apartment on a large corridor over hotel drawing-room. Size of apartment, ten feet square. Number of rooms on corridor, thirty or forty. Ventilators open for air and the admission of sound.

9 P. M.—Commencement of music by full band for grand hop in drawing-room below.

10 to 12.—Continuation of ditto.

1 to 1½ A. M.—Just one more last dance.

1½ to 2½.—Adjournment of retiring dancers to corridor; extemporaneous waltzes—creams—giggling—leave-taking and door slammings.

2½ to 3.—Serenade by young gentlemen who do not understand the difference between bowl and a song, and are more familiar with the hotel bar than one in music.

3 to 3½.—Collection of boots by porter.

4.—Calling of party who are to go on a fishing excursion.

4½.—Calling of passengers for the early train.

5.—Audible dropping of boots at all the doors by porter.

5½.—Departure of stage load of passengers for early train—cracking of whips—shouts to the horses—banging of trunks down stairs, &c.

6 to 6½.—General stir of servants coming down and getting things to rights for the day.

7.—First gong for breakfast.

A DANBURY father was recently complaining of the late hours kept by his son, when a neighbor suggested what he thought would be a proper way to keep him from his haunts. "Oh," exclaimed the afflicted father, "it is not his aunts, but another woman."

C. A. NOLTENIUS has just returned from San Francisco with the best and latest styles of boots and shoes, which he intends to sell at low prices. Boots and shoes made to fit, and repairing neatly executed. Government street, next to St. Nicholas Hotel. *

By Electric Telegraph.

SPECIAL TO THE DAILY STANDARD.

LAST NIGHT'S DESPATCHES.

CALIFORNIA.

SAN FRANCISCO, Nov. 4.—Flour, unchanged. Wheat—3,000 sacks, good to choice, milling, $2 60@2 65.

Barley—200 sks Bright Coast, $1 95; 100 sks fair, $1 85; 1000 sks choice Owhyee for export, $2 05.

Oats—$1 90@2 05.

Hay—2 carloads, sold at $20@29 50.

Potatoes—Best class, red, $1@1 12; other quotations 60@95cts.

SAN FRANCISCO, Nov. 4.—The fire in the hold of the bark Whistler having been extinguished by pumping carbonic acid gas into it, after it had been burning for three weeks, the cargo was examined to-day and about 50 tons was found so charred, it would turn to ashes on exposure to the air, and most of the remainder is more or less damaged by heat and smoke. The lower deck beams were burned off in places, and the lower deck burned through so that the feat of extinguishing the flame and saving the vessel is regarded as a great one.

The stock of Swain & Co., wholesale crockery dealers, was damaged $2,000 by being flooded with water, early this morning.

The U. S. steamer Saranac will be dispatched to Magdalena Bay immediately, to bring back the last remnants of the Lower California colony, now abandoned and in danger of starvation.

LOS ANGELOS, Nov. 4.—A courier from the mountains brings news that the Indians who killed Barnes on the 21st ult. were overtaken by 26 troops in Cook's San Canyon, and an engagement took place, lasting several hours. Robert Whitney was killed at the first fire, two soldiers wounded, and two horses shot. The Indians were posted in a secure place among the rocks, and could not be dislodged. They are led by Cochise, whom Vincent Colyer reported as having made peace with him.

The Chinese companies have renewed the quarrels among themselves with great bitterness. Several suits and criminal trials have been commenced, growing out of the late riots.

EASTERN STATES.

NEW YORK, Nov. 4.—A letter from Florence says: The result of the Court of Enquiry held at Spezzia, is that Capt. Stevens is suspended from the command of the Guerriere, and that Capt. Creighton will arrive in a few days to succeed to the post of chief officer of that vessel and take her home. Capt. Stevens will return in the vessel which he lately commanded, to answer to the department to the charge made against him of a gross blunder in navigation. Several officers of the vessel are now in Florence.

Louis Schwaller was torn in pieces by a belt in a factory in New York yesterday.

The congressional appropriation for removing the Hell Gate obstructions is exhausted, and several workmen have been discharged.

A member of the Committee of seventy, states that Judge Redwith sold out to Tammany during the Rochester Convention; his reason is heavy pecuniary considerations, besides the Supreme Judgeship.

WASHINGTON, Nov. 3.—The Government is investigating the charges against Judge J. Wright, of this city, formerly of Indiana, in relation to his connection with the bounties and pensions due the Indian soldiers of the Creek, Cherokee, and Seminole nations, who served on the frontier during the rebellion. It is alleged that the frauds amount to $400,000, and some check payments for bounty were cashed by the Assistant Treasurer at New York upon the endorsement of dead soldiers' names, by Wright or his agents.

PROVIDENCE, Nov. 3.—Stephen Waterman, member of the State Legislature, shot himself in the head this morning.

EUROPE.

VIENNA, Nov. 4.—The new Ministry is not definitely constituted. The following statements are generally believed to be accurate: President, with portfolio of the Interior, Baron Von Keller; Minister of Finance, Halsegethan; Minister of Worship, Destermayer; Minister of Justice, Chibmetsky; Minister of Commerce, Berlepsch; Minister of War, Schaal; Minister of Agriculture, Potschasky. The new President declared the policy which compelled the retirement of Hapnworth will be vigorously pursued; some of its friends are deceived by stories of compromise.

American Commerce.

The report of the Bureau of Statistics of the United States on the foreign commerce of the country for 1870-71 gives some curious facts and affords materials for as curious contrasts. The trade of the year has been on a very large scale, and gives unquestionable evidence of a large amount of commercial activity.

The imports amounted in value to.....$519,593,750

Exports, domestic.....428,539,017

Exports, foreign.....14,401,270

This shows an excess of imports over exports of $76,653,463, which was balanced by a net export of specie of $76,645,861. The exports were, it will be seen, exceedingly large,—indeed a great deal larger than in any previous year. The largest exports in any year previous to the war were in 1860, when they amounted to $316,000,000, and in 1870 they were $276,000,000, which shows an increase on the present year of $50,000,000. Much of this trade is the European war, as will be seen when it is noted that over $13,000,000 worth of firearms were sent out of the country, and of provisions and breadstuffs more than a hundred millions.

And yet, however great and imposing such a trade may appear, it is small compared with that of Great Britain for the same time. The foreign trade of Britain for the last year reported on, reached more than three thousand millions of dollars, or more than three times that of the States, though the population of the Republic is now larger than that of the "old country." The relative commercial progress of the two countries is also greatly in favor of the United Kingdom:

In 1850 British exports were...	$1,315,000,000
In 1857 British exports were...	730,000,000
Increase in 13 years.....	$585,000,000

or somewhere about 80 per cent.

In 1870 the United States exports were.....	$442,000,000
In 1857 the United States exports were.....	338,000,000
Increase.....	$104,000,000

or about 30 per cent.

The imports tell about the same story, as the relative increase is, in the one case 80 per cent. and in the other 40. The exports from the States consist mostly of raw material, on which little labor has been expended, and it is to be noted that of manufactured articles there is actually a decrease, while the imports of similar articles are largely increased. Altogether the contrast is such that believers in the continued vitality of Great Britain have no reason to feel ashamed.

WHEAT, TO FARMERS.

HIGHEST CASH PRICE PAID FOR WHEAT, by J. RUFFY, Wharf Street.

DR. CHING FUN.—A CARD.—EDITOR STANDARD:—Through the medium of your paper I want to state the very great good that has been done me by Dr. Ching Fun of this city, next door Kwong Lee & Co. For 26 years I suffered with neuralgia in the brain, which baffled the skill of three first-class American physicians. Latterly bronchitis attacked my right lung, and my eyes became awfully inflamed. Despairing of ever being cured I placed myself as a last resort in the hands of Dr. Ching Fun, and after five months treatment I am a well man and feel that I cannot sound the eminent Chinese gentleman's praises too loudly, so that all my countrymen similarly affected may visit and find relief. Respectfully,

JOHN HENTON, of Kentucky, U. S.

Victoria, 22d Sept., 1870. oc22
